Results: Yes-17, No -0, Abstained-1. Motion carried.

[OCIO IT PROCUREMENT REVIEWS](#)

The following [IT procurement review](#) document was distributed to the Council:

By statute, state agency purchases of communications equipment and information management items require the approval of the Office of the Chief Information Officer (OCIO). NITC 1-204 provides guidance to agencies for compliance with these requirements.

<http://www.nitc.nebraska.gov/standards/1-204.html>

Effective July 9, 2015, requests for technology equipment and services routing through Enterprise One will be required to provide documentation to support each request as stated in the NITC standard. The minimum level of documentation required should include a quote from the vendor and a description of the product or service being requested. In the description please provide as much detail as needed to explain the purpose for the request. Key points to include are where the equipment or software will be installed, who will support the equipment and a contact person who can provide additional detail.

If the purchase is a competitive solicitation for bid, a draft copy of the Request for Proposal (RFP), Request for Information (RFI) or Invitation to Bid (ITB) must be provided. If the purchase is a Sole Source Request/Request for Deviation from the Competitive Process, documentation of the reasons for not following the competitive process must be attached.

Requests that do not provide the minimum level of documentation will be returned to the agency.

Requests that do meet the minimum level of documentation may also be scheduled for a conference call with the IT Review team. The IT Review team meets each Tuesday from 3:00-4:00. If your request is scheduled for a conference call you will receive a meeting notice by the end of the day the prior Friday.

Items that are part of the preapproved list for NITC 1-204 will be reviewed and approved without additional information. However all purchases should have a quote from the vendor and a general description of the items requested.

Agencies may be asked to provide more information at review meetings. In addition, agencies can request a conference call or meet with review committee to discuss their request.

AGENCY IT PLANS

Agencies are required to submit an agency IT plan every two years as part of the biennial budget process. The OCIO would like to collect this information on an on-going basis rather than every two years. The OCIO will be looking at ways to collect this information.

SECURITY ARCHITECTURE WORKGROUP UPDATE

Chris Hobbs, State Security Officer

The Work Group met last month to discuss the following topics:

- The results of the gap analysis and the need to develop standards and guidelines.
- Security training was an issue with gap analysis
- Personal identifiable information
 - PII definitions were sent to work group members. State has this information in many places. An inventory of what kind of PII state agencies are utilizing will be conducted by the end of July.
- Current NITC security standards are lacking.
 - Applications Security should have its own standards.
 - Change management should be done for application servers as well as the servers

If any council members were interested in receiving a copy of the report, they were to contact Mr. Hobbs.

Cyber Resilience Review. The Department of Homeland Security will be coming the first week in August to determine how well the systems are working – Office of the CIO, the Department of Administrative Services, Department of Health and Human Services, the Department of Labor and the Department of Roads. If other agencies would like to have a review as well, they were to contact Mr. Hobbs.

OTHER UPDATES

Statewide Technology Plan - Strategic Initiatives Update

Rick Becker, Government IT Manager

At the May NITC meeting, the Commission adopted their strategic initiatives for the Statewide Technology Plan. Two changes were made to the initiatives since the last SGC meeting. The Commission added a "Cloud Strategy" initiative and they modified the security initiative by removing the business resumption section. The Council will be working on action items for the initiatives at an upcoming meeting.

AGENCY REPORTS AND OTHER BUSINESS

Department of Administrative Services, Byron Diamond. DAS is on day 3 of the Oracle review. The feedback has been positive. Oracle will be coming back in about 3 weeks. Agency heads were invited to focus on what functions their agency is responsible for and how E1 is used.

ADJOURN

Mr. Harvey moved to adjourn. Ms. Byelick seconded. All were in favor. Motion carried.

The meeting was adjourned at 2:02 p.m.

The meeting minutes were taken by Lori Lopez Urdiales and reviewed by Rick Becker, Office of the CIO.
