**I. Agreement Overview**

- a. This Agreement represents a Memorandum of Agreement (“MoA” or “Agreement”) between the Office of the Chief Information Officer (hereafter referred to as OCIO), State of Nebraska, doing business as *Network Nebraska-Education* and the Network Nebraska-Education Participant (hereafter referred to as “Participant”), as defined within N.R.S. 79-1201.01.

The Network Nebraska-Education Advisory Group (NNAG) is chartered by the Nebraska Information Technology Commission Education Council to provide strategic guidance to the State CIO and to represent participants’ interests regarding the operation of Network Nebraska-Education. Periodically, the NNAG and/or the OCIO may recommend amendments to this Agreement..

- b. This original signed Agreement is automatically renewed each year on January 1, unless cancelled, with advanced written notification, by the Participant or the OCIO as described below in Section IV.

**II. Purpose**

The purpose of this Agreement is to outline the services and responsibilities of the OCIO and the responsibilities and associated fees of the Participant. This Agreement helps ensure that the proper elements and commitments are in place to provide dependable telecommunications service, support, and delivery to the participants of Network Nebraska-Education and to maintain the integrity of the network.

### III. Authority

- a. **N.R.S. 86-520 Chief Information Officer; duties. The Chief Information Officer shall:** (10) Establish and maintain Network Nebraska pursuant to section 86-5,100; (11) Apply in aggregate for reimbursements from the federal Universal Service Fund pursuant to section 254 of the Telecommunications Act of 1996, 47 U.S.C. 254, as such section existed on January 1, 2006, on behalf of school districts requesting to be included in such aggregated application.
  
- b. **N.R.S. 86-5,100 Network Nebraska; development and maintenance; access; Chief Information Officer; duties; cost.** The Chief Information Officer, in partnership with the University of Nebraska, shall develop and maintain a statewide, multipurpose, high capacity, scalable telecommunications network to be called Network Nebraska. The network shall consist of contractual arrangements with providers to meet the demand of state agencies, local governments, and educational entities as defined in section 79-1201.01. Such network shall provide access to a reliable and affordable infrastructure capable of carrying a spectrum of services and applications, including distance education, across the state. The Chief Information Officer shall provide access to each school district, each educational service unit, each community college, each state college, and the University of Nebraska at the earliest feasible date and no later than July 1, 2012. Access may be provided through educational service units or other aggregation points. Participation in Network Nebraska shall not be required for any educational entity. The Chief Information Officer shall aggregate demand for those state agencies and educational entities choosing to participate and shall reduce costs for participants whenever feasible. The Chief Information Officer shall establish a cost structure based on actual costs, including necessary administrative expenses but not including administrative travel or conference expenses, and shall charge participants according to such cost structure. The Chief Information Officer shall annually provide a detailed report of such costs to each participant and to the Legislative Fiscal Analyst. The report submitted to the Legislative Fiscal Analyst shall be submitted electronically.
  
- c. **N.R.S.79-1201.01 Terms, defined.** Educational entity means a school district, a private, denominational, or parochial school, an educational service unit, a community college, a state college, the University of Nebraska, or a nonprofit private postsecondary educational institution.

#### IV. Agreement Terms

a. **Period:**

The annual performance period of this Agreement is concurrent with the performance period of the USAC E-rate funding year, July 1 to June 30.

b. **Renewal:**

This original signed Agreement will automatically renew on January 1 of each calendar year, unless cancelled with prior written notice by the Participant or the OCIO.

c. **Cancellation:**

This Agreement can be cancelled, with prior written notice by the OCIO, for nonpayment of fees, egregious violation of network security or management, failure to uphold the basic responsibilities of the Participant as outlined in this Agreement or for any change in statutory authority or direction assigned to the OCIO. This Agreement can be cancelled, with prior written notice by the Participant, for any reason, providing that it occurs on or before the January 1 renewal date for the following performance period, July 1-June 30. The January 1 renewal date is critical because withdrawal from Network Nebraska-Education has implications for E-rate filing and funding and for the fee structure charged to the other Participants.

d. **Amendments:**

- i. Pursuant to Section V.b., Appendix 1 will be amended annually by the OCIO.
- ii. Pursuant to Section V.c., Appendix 2 will be amended annually by the OCIO.
- iii. All other amendments to this agreement will be made using the following procedures:
  1. The OCIO, in consultation with the NNAG, may propose amendments to this Agreement;
  2. Any proposed amendment will be posted at <http://www.networknebraska.net> for review by Participants;
  3. Any proposed amendment will include an effective date from the amendment;
  4. Any proposed amendment will be posted for at least 30 days prior to the January 1 automatic renewal date for the year in which the amendment is to be effective. This requirement will allow Participants to review any amendment prior to the automatic renewal pursuant to Section IV. b. and provide Participant the ability to cancel this Agreement, pursuant to Section IV.c. prior to the effective date of the amendment.

**V. Responsibilities of OCIO, University of Nebraska, d.b.a. Network Nebraska-Education**

Nebraska K-12 public school districts, ESUs	30Mbps or greater

Education entities not competing for Neb. Rev. Stat. 79-1336 and 79-1337 distance education incentives are also required to meet or exceed a minimum Ethernet bandwidth to connect to any Network Nebraska-Education aggregation point.

<b>Entity</b>	<b>WAN bandwidth</b>
Nebraska K-12 nonpublic schools	10Mbps or greater
Nebraska higher education	10Mbps or greater
Nebraska public libraries	10Mbps or greater
