

1-203. Project progress reports.

Neb. Rev. Stat. § 86-516 provides, in pertinent part:

“The commission shall: (5) Adopt guidelines regarding project planning and management and administrative and technical review procedures involving state-owned or state-supported technology and infrastructure. Governmental entities, state agencies, and noneducation political subdivisions shall submit all projects which use any combination of general funds, federal funds, or cash funds for information technology purposes to the process established by sections 86-512 to 86-524. The commission may adopt policies that establish the format and minimum requirements for project submissions. The commission may monitor the progress of any such project and may require progress reports;”

(1) The commission shall determine which information technology projects are required to submit progress reports.

(2) The Technical Panel is responsible for all logistical matters relating to the submission of progress reports pursuant to this section, including the frequency and format of the reports. The panel will coordinate with the reporting agency to ensure compliance with this section. The panel will provide regular reports to the commission on the status of projects.
